

Trip to Lost Lake Scout Reservation

Some of our Scouts went to Lost Lake Scout Reservation for a week starting June 28, 2009.

Sign:
This is where the road ends
And adventure begins
Park here
And proceed on foot

We stayed with Troop 157

in the same campsite.

The camp in Michigan has many different activities. Such as merit badges for riflery

and climbing.

There are handicrafts

Environmental badges to earn,

and outdoor badges too.

At the camp, the Canadians are allowed to earn the American merit badges!

Also there are ghost stories

and even a service

project!

You can swim in the Lost Lake.

Even more, on the final night, we abandoned the tents and slept in the teepees.

We even chose to clean the turtle pond,

and we didn't have to and Scouter Liam didn't make us.

Most of the stations only do one section of badges but, on the last day, we ran The Gauntlet, where everybody was at a station and you would wait for the others do the challenge and run to the next station until the end.

And the really cool thing is, there was a shop,

and we didn't have to cook!

During meal times you might have a chance to spin the Waz Wheel which has different things like "Scout Leader Pie in the Face".

We were really happy at the end!
